## EMERGENCY TIPS:

### BEFORE

1. Stay tuned to news on TV and radio for updates, warnings, and alerts.
2. Gather and inform family members about the impending flood.
3. Make an emergency plan.
4. Keep personal files and property in higher ground to avoid damage.
5. Fix roofs and make your house sturdy.
6. Know the nearest evacuation center.

### DURING

1. Don't panic.
2. Avoid walking or driving in flood waters to prevent electrocution.
3. Shut off water service, gas service and electricity to your home.
4. Secure essentials in a bag such as flashlight and medicine kit.
5. Heed warnings from officials and evacuate when orders are given.
6. Evacuate safely and always stay together with your family.

### AFTER

1. Review and check your houses from any damage.
2. Repair your flooded home.
3. Stay updated from the local news about further orders.
4. Avoid walking through water; it might contain bacteria and viruses.
5. Clean and disinfect everything that got wet.
6. Drain water when possible.
